

October 13, 2005

To: LCOG Executive Committee

From: George Kloeppe

Subject: Board Discussion Topics for 2006

Recognizing that “Public Safety Task Force plan” would be the focus of the Board’s discussion in September, the Executive Committee agreed that the Board would examine “local government finances—tax structure” at its December 8 meeting. Further, there was general agreement that we would target the following topics on the dates indicated:

- June 2006 Accommodating growth, Buildable Land, Region 2050
- October 2006 An On/Off Interchange at the I-5 and the Willamette

The Committee is asked to **identify appropriate topics (from the list developed at the July Board planning session) for the meetings in the coming year.** February, April and September, 2006 have not yet been linked to a discussion topic.

Unassigned Topics

- Telecommunication (internet service to rural areas)
- Education and Workforce Development
- The MetroPlan, Intergovernmental Relations
