To: Metropolitan Policy Committee

From: Paul Thompson

Subject: Item 4.d - Draft Letters Regarding FY10-13 STIP Criteria & Factors
and Stakeholder Committee

Action Requested: Review and approve letters.

At the March 8, 2007 MPC meeting, staff was directed to draft two letters related to the ODOT FY2010-2013 STIP process. As stated in the draft minutes of that meeting: "Ms. Piercy summarized that two letters would be drafted: one commenting on the STIP project criteria and factors and one requesting membership for the Central Lane MPO on the STIP stakeholder group."

Attachments 1 and 2 to this memo present drafts of the two requested letters. Please note that in addition to review of the content of the letters, staff is requesting MPC confirmation of the "cc" recipients of the second letter regarding representation on the STIP Stakeholder Committee.
