

April 2, 2008

To: Metropolitan Policy Committee
From: Susan Payne
Subject: Item 4.h.1.ii: Amendment to FFY08-11 Metropolitan Transportation Improvement Program (MTIP)

Action Recommended: None. Information only.

The MTIP must be maintained so as to accurately reflect the funding and timing of all federally funded and regionally significant projects within the MPO area.

One amendment was considered and unanimously approved by TPC at their meeting on March 27, 2008:

2008-14: 69th Street: Thurston Rd – B St. (Springfield)

Slips construction from FFY07 to FFY08. This project was in the FFY06-09 MTIP and was originally scheduled for construction in 2007. However delays due to environmental issues ensued and construction is now anticipated in FFY08. This has necessitated adding this project to the FFY08-11 MTIP.

This amendment does not affect air quality conformity or fiscal constraint. The cost revision does not involve any further funding decisions by the MPO. For these reasons, it is considered administrative in nature. Full details on the amendment can be found at <http://www.thempo.org/committees/tpc.cfm>.
