May 5, 2005

To: Metropolitan Policy Committee
From: Paul Thompson
Subject: Item 4.g.1.iii: MTIP Administrative Amendment

Action Recommended: None. Information only.

Issue Summary

At the December 30, 2004 MPC meeting, MPC adopted the FY2005-07 Central Lane Metropolitan Transportation Improvement Program (MTIP). The MTIP lists transportation projects using federal funds programmed for fiscal years 2005-2007. The MTIP also lists all non-federal funding sources for individual projects.

As adopted by MPC, the MTIP outlines the conditions under which TPC may make administrative amendments to the MTIP. Language from the MTIP reads as follows:

“TPC may make specific changes determined to be administrative in nature.

These include:

1. Deletions of local projects which are provided for information purposes,
2. Moving projects from one year to another year in the MTIP period or
3. Minor cost estimate revisions that do not affect financial constraint of the MTIP or the MTIP’s air quality conformity.”

Administrative amendments are to be formally acted upon by TPC and reported to MPC.

Most recently, at the request of the Oregon Department of Transportation (ODOT), staff developed one administrative amendment to combine three existing ODOT projects into one project. The three individual projects were already in the adopted FY05-07 MTIP, and this administrative amendment to combine them into one project does not alter the total dollar amount associated with the project work or change the time frame outside of the FY05-07 MTIP time frame.

TPC acted unanimously on April 28, 2005 to adopt the administrative amendment to the MTIP listed above.
