Action Recommended: None. Information only.

Issue Summary

At both the January 13 and April 14, 2005 MPC meetings, staff presented a status report on the *Notice of Intent to Appeal* filed before the Land Use Board of Appeals of the State of Oregon regarding MPC's adoption of the 2025 Regional Transportation Plan (RTP).

In a separate but related matter, on March 31, 2005 the U.S. Department of Transportation (USDOT) received a letter from Marianne Dugan RE: Eugene-Springfield Area Potential Air Quality Conformance Lapse. Staff provided copies of that letter at the April 14, 2005 MPC meeting. Since that time, the USDOT issued the attached response to Marianne Dugan on April 25, 2005.

MPO staff will continue to keep MPC members informed of developments related to these issues.
