Action Recommended: None. Information only.

Issue Summary

At the December 30, 2004 MPC meeting, MPC adopted the FY2005-07 Central Lane Metropolitan Transportation Improvement Program (MTIP). The MTIP lists transportation projects using federal funds programmed for fiscal years 2005-2007. The MTIP also lists all non-federal funding sources for individual projects.

As adopted by MPC, the MTIP outlines the conditions under which TPC may make administrative amendments to the MTIP. Language from the MTIP reads as follows:

“TPC may make specific changes determined to be administrative in nature. These include:

1. Deletions of local projects which are provided for information purposes,
2. Moving projects from one year to another year in the MTIP period or
3. Minor cost estimate revisions that do not affect financial constraint of the MTIP or the MTIP’s air quality conformity.”

Administrative amendments are to be formally acted upon by TPC and reported to MPC.

Most recently, at the request of the Oregon Department of Transportation (ODOT), the City of Eugene and the Lane Transit District (LTD), staff developed eight administrative amendments to adjust funding or timing for a series of projects. Details of the amendments are provided in the attachments to this memo.

TPC acted unanimously on June 23, 2005 to adopt administrative amendments #2005-25, #2005-26, #2005-27, #2005-30, #2005-31, #2005-34, #2005-39, #2005-40.
