Dear Governor Kulongoski:

We are pleased to present the FY 04-06 Metropolitan Transportation Improvement Program (MTIP) for the Central Lane Metropolitan Planning Organization (MPO) for your approval as required by 23 CFR Chapter 1, part 450, subpart C.

The Central Lane MPO adopted the FY 04-06 MTIP on October 9, 2003. The MPO is made up of elected officials from the City of Springfield, the City of Eugene, the City of Coburg, and Lane County, and members of the Lane Transit District Board of Directors and representatives from the Oregon Department of Transportation.

The transportation improvements contained in our adopted MTIP address a broad range of multimodal transportation issues in support of the Eugene-Springfield Transportation System Plan and the MPO's long-range Regional Transportation Plan. The MTIP is financially constrained and has successfully met the requirements for an air quality conformity determination.

Thank you for your consideration.

Sincerely,

George Kloeppe
Executive Director
