Subject: Item 4.e.1.iii: MTIP Administrative Amendments

Action Recommended: None. Information only.

Issue Summary

At the December 30, 2004 MPC meeting, MPC adopted the FY2005-07 Central Lane Metropolitan Transportation Improvement Program (MTIP). The MTIP lists transportation projects using federal funds programmed for fiscal years 2005-2007. The MTIP also lists all non-federal funding sources for individual projects.

As adopted by MPC, the MTIP outlines the conditions under which TPC may make administrative amendments to the MTIP. Language from the MTIP reads as follows:

“TPC may make specific changes determined to be administrative in nature. These include:

1. Deletions of local projects which are provided for information purposes,
2. Moving projects from one year to another year in the MTIP period or
3. Minor cost estimate revisions that do not affect financial constraint of the MTIP or the MTIP’s air quality conformity.”

Administrative amendments are to be formally acted upon by TPC and reported to MPC.

Administrative Amendments

Most recently, at the request of the Lane Transit District (LTD), staff developed two administrative amendments. In summary, one amendment adjusts the funding to reflect the amount currently available for the project, while the second amendment moves previously programmed *but unexpended* funds from FY07 to FY06. Attachment 1 summarizes the two amendments and further details are available upon request.

TPC acted unanimously on November 28, 2005 to adopt administrative amendments #2005-62 and #2005-63.
