

October 30, 2007

To: Citizen Advisory Committee  
From: Paul Thompson  
Subject: Item 5: Status Report on Regional Transportation Plan Update

**Action Recommended:** None. Information only.

The draft Central Lane MPO 2031 Regional Transportation Plan (RTP) is scheduled for adoption at the November 8, 2007 Metropolitan Policy Committee (MPC) meeting. Throughout the multi-year update process for the RTP, the Citizen Advisory Committee (CAC) has received numerous reports, and provided input, on a range of topics related to the RTP update.

The public comment period on the draft 2031 RTP has been open since August 3, 2007, and remains open through November 5. Attached to this memo are all comments received through October 24, 2007. Since a number of the public comments refer to the RTP update public involvement/participation process – a specific area of focus for the CAC – we are providing these comments to the CAC for review and comment.
